

REVIEWS & STAR RATINGS WILL INCREASE SALES FOR YOUR BUSINESS

Surveys have shown that Pink Pages advertisers that include reviews on their webpage receive a significant increase in the number of enquiries from their advertising.

Reviews increase the level of confidence people will have in your ability to reliably deliver your product or service. Reviews are no different to word of mouth, except they are a permanent record of how you have delivered your product or service.

Encourage your clients to leave feedback on your Pink Pages webpage and see how reviews will help stimulate more sales enquiries.

New reviews are also promoted on the home page.
